

Ionia County ISD Early Intervention
Case Consultation Form

Presenter: _____

Team Member (s): _____

The idea behind this form is to keep the listener engaged during the individual's presentation of the case. Use this to note: background factors, questions that pop into your head as well as ideas that came to mind as the person shares their case. The final box can be used to either note a recommendation that you shared and/or share a recommendation with the person in case you did not have a chance to share during the consultation. Encouragements are just that, comments to provide support about the hard work that is being done.

Background Information	Things I wonder about.....
