**Definitions of Outcome Rating**

1. **Not Yet:** Child does not yet show functioning expected of a child his or her age in any situation. Child’s skills and behaviors also do not yet include any immediate foundational skills upon which to build age appropriate functioning. Child’s functioning might be described as that of a much younger child.

2. Between Emerging and Not Yet. **Some** of the foundational skills are there, though not all the **immediate** foundational skills.

3. **Emerging:** Child does not yet show functioning expected of a child of his or her age in any situation. Child’s behavior and skills include immediate foundational skills upon which to build age appropriate functioning.
   Functioning might be described as like that of a **younger child**.

4. Between Somewhat and Emerging. Immediate foundational skills are in place, and child has demonstrated age appropriate skills once or twice, perhaps not deliberately.

5. **Somewhat:** Child shows functioning expected for his or her age some of the time and/or in some situations. Child’s functioning is a **mix** of age
appropriate and not appropriate functioning. Functioning might be described as like that of a **slightly younger child**.

6. Between Completely and Somewhat. Child’s functioning generally is considered **appropriate** for his or her age but there are **some concerns** about the child’s functioning in this outcome area.

7. **Completely**: The child shows functioning expected for his or her age in **all or almost all everyday situations** that are part of the child’s life. Functioning is considered **appropriate** for his or her age. No one has any concerns about the child’s functioning in this outcome area.
